

Vision Pendleton located in Pendleton, Oregon is currently looking for a full time Optometrist. We are a 3 doctor practice that provides full-service optometry to families of all ages, insurances, and visual/medical diagnoses. Our doctors specialize in eye diseases such as glaucoma, cataracts, diabetic eye disease, macular degenerations as well as treating conjunctivitis, uveitis and eye turns. They all are certified to remove foreign bodies and treat eyelid disease. They all co-manage surgeries for eye diseases, eye turns and refractive surgeries.

This tech-forward practice uses state-of-the-art vision care technology to diagnose and treat a wide array of eye diseases. Our practice locations are well-appointed with Optomap, visual field instrument, OCT, adaptDx, and a virtual visual field.

Our new OD will be a welcoming addition to our team! You will use your clinical and interpersonal skills to provide high-quality vision care and eye health to our patients. For more information email your CV to kweiss@keplrvision.com.
